Details

Date

Monday Night Fix	Every Monday night
Nambour Vet Sunday	29th Jul
Nambour Swap Meet	Sat 28th Jul
Brisbane Senior Tournament, Redland	Aug 17th-19th

The shows have finished, the sun is still shining and our courts are ready for use. We have been fortunate to have another tennis centre close by for us to use during show periods. With our biggest session being Tuesday morning we continued to have 13-15 players turn up and have a hit of tennis. Thanks to Nambour Tennis Club and for all players who played social tennis these past couple of Tuesday morning socials.

Now that we are back on track, our next event is the Charity Week. This will be coming up in Sep/Oct. Then our annual general meeting followed by the Christmas end of year party. I wish at times things would slow down, before we know one event is finished and we are on to the next. Watch this space as Nambas Tennis Club never stops, we are either playing, organizing or socializing. Don't forget the garden and court maintenance.

Round Robin Sun 24th Jun

We had a great day at our Round Robin even 24th Jun 2018. With our usual uncertainty of all players turning up, we were relieved we were ready to play. Sixteen players in all, divided into men and ladies. We were there to win, to play and beat the opposition. Win at all cost and show no mercy to the opposition. You may win all sets, but to make sure you are on top, you need to give away as least games as possible.

Sunny weather, no wind, great courts made for the perfect Round Robin event. Ken Dusting was there to run the show and to ensure no one played for sheep stations. We played for socks and archery tickets.

The men results was decided on the last match. It happened to be that Brendon M had to verse David M and it was a tie breaker. What a match!!!!

RESULTS

Men

1st: Brendon M

2nd: David M

Female

1st: Mary P

2nd: Astrid M

Shelter Area completion

The shelter area has been up since last year, but we just wanted a few extra's. Especially before the Christmas end of year celebrations. The lights and fans have now been installed with some extra power points. Thankyou to all involved who has helped with bringing the undercover area to completion. We are still trying to get grants for a new storage shed and hopefully upgrade the inside of our club house.

Some links to Tennis Websites

With so much information going online. I thought I would put some links in to various websites
