# Vets Final

What a day it was. Vets final between Nambas Menaces and Nambas Kitty Kats. Both wanting to bring home the grand trophy. Unfortunately we could not place bets, that would be unethical and if it wasn't for the storm the end result would be very close. Nambas Menaces were in front for the first half of the day, and slowly but surely Nambas Kitty Kats were creeping up. By the time the storm hit, there were 2 sets remaining and the outcome could have been very close.

## NAMBAS MENACES

## Saturday Tennis- 10 am

We are getting a few more players on Saturday, with last week playing 3 courts. This is open level and great for a quick hit on the weekend. It starts at 11am and during the summer months, we will start at 10am. Teenagers welcome, we have a few of the older school kids that can hold their own and the game is very challenging. It's a great few hours of tennis.

The more players we get the better the variety of games we play.

## Wednesday Night Tennis- 7pm

This is the same for Wednesday night, with the heat coming through in the coming months, why not play in the cool night air. Open level and our numbers have been increasing. If you bring a friend, or any newcomers, their first night is free.

## Christmas just around the corner Sat 01st Dec

Keep this date free. Only a few weeks away. Our annual Christmas party.
